SENSORY NINJA

Swing Attachment

SAUCER SWING - 40" DIA.

The Sensory Swing was created for ages 3-10 years old. It is a great tool for children to gain a sense of balance, motion, and develop gross motor skills. The calm swinging motion can help comfort children who are over-stimulated. Made of a canvas and vinyl material that can easily be hung by the steel rings at the top, with a quick link and rope. The bright colors appeal to children and make it a fun and therapeutic swinging experience. Supports up to 150 lbs.

405-455 Saucer Swing - 40" dia.

BOLSTER SWING

The remarkable thing about the Sensory Bolster Swing is its ability to be used in several ways. Have the child sit, swing, lay, or hang on it - the options are endless! A terrific way to improve strength and coordination! Easily attaches to a strong source with the quick link attachment. Supports up to 150 lbs.

405-453 Bolster Swing - 12" dia x 48" long

MARSHMALLOW MAT

The Sensory Mat is another great multi-purpose tool! It can be used as a place to land, jump, sit, or lie. Made of a soft foam you are sure to have a comfortable place to relax or burn off some energy depending on your preference. It's so soft you'll want to take it home and use as your mattress! Can be used in gymnastic clubs, schools, at home, or therapy centers. Supports up to 200 lbs.

405-456 Marshmallow Mat
12' x 48" x 72"

SENSORY PATH OPTIONS

Designed for children to walk or hop across while encountering unique obstacles, colors, and textures along the way. The Sensory Path challenges the child's balance, coordination, and sensory behavior. Contrasting textures on the path help children explore different sensations, which expands their knowledge of the world around them.

- 405-445** Short Straight Wood Plank
- 405-446** Medium Straight Wood Plank
- 405-447** Long Straight Wood Plank
- 405-448** XL Straight Wood Plank with fun tiles
- 405-449** S Curve Wood Plank
- 405-450** 90 Corner Wood Plank
- 405-451** Cross Wood Plank
- 405-454** 6 Small foam shapes

TACTILE FLOOR BEAM

Test out your skills safely on the low, colorful Floor Beam that is over 8 feet long. Perfect for kids of all ages to build core strength and confidence in their balance abilities. Made of a vinyl material that provides a strong grip and is easy to clean - bonus! The various colors and textured fabric help strengthen the user's motor skills.

405-452 Tactile Floor Beam

FLOATING PLANK | MONKEY BARS WITH LADDER | MONKEY BARS | RINGS | PIPE SWINGS | STEP SWINGS

ELITE™ KIDS NINJA FLOATING PLANK

- While being suspended, walk from side to side across the floating plank
- As it shifts back and forth, your ninjas can increase their balance, core strength, and confidence when making it all the way across
- The floating plank is made from pinewood then covered with our suede beam material and comes with 2" webbing straps
- Easily hang with provided quick links

405-067 Elite™ Kids Ninja Floating Plank

ELITE™ KIDS NINJA MONKEY BAR WITH LADDER

- Monkey Bars are a great and fun way to improve upper body and abdominal strength while trying to cross the rig
- Whether the little ninjas are learning to just hang, or are capable of going from one bar to the next, this monkey bar is just what the kids need
- Use as just the bar or add multiple attachments on it to make it more interesting

405-211 Elite™ Kids Ninja Monkey Bar with Ladder

ELITE™ KIDS NINJA PIPE SWINGS

- The swinging pipes are fun for your preschool ninjas
- Keep your set up nice and even, or mix up the straps to make it more difficult
- Whatever you choose the swinging pipes will help all kids learn balance, strength and body awareness as they move through the different logs

405-068 Elite™ Kids Ninja Pipe Swing – Set of 3

ELITE™ KIDS NINJA STEP SWING

- Use a double strap on each step side to reduce swing or a single strap on each side to increase swing between steps
- Increase core strength to master the 3 swinging steps.
- Change things up by attaching the swings 3 ways to create different levels of difficulty

405-066 Elite™ Kids Ninja Step Swing – Set of 3

ELITE™ KIDS NINJA MONKEY BAR ONLY

- Monkey Bars are a great and fun way to improve upper body and abdominal strength while trying to cross the rig
- Whether the kids are learning to just hang, or are capable of going from one bar to the next, this monkey bar is just what the little ninjas need
- Add multiple attachments together to make it more interesting
- The more Horizontal Bars you add the more Monkey Bars you need

405-212 Elite™ Kids Ninja Monkey Bar Only

ELITE™ KIDS NINJA 5×10 MAT

416-438 4" Elite™ Kids Ninja 5×10 Mat –
Lime Green with fasteners on the end

ELITE™ KIDS NINJA RINGS

- Easily hang with provided quick links
- Rearrange the rings to create new paths and new challenges
- Add with other attachments to change up the course

405-064 Elite™ Kids Ninja Ring Pkg – Set of 4

ELITE™ KIDS NINJA UPRIGHT PADS

416-439 Elite™ Kids Ninja Upright Pads – Lime

ELITE™ KIDS NINJA BASE PADS

405-213 Elite™ Kids Ninja Base Pad - Pair - Lime Green

The AAI® ELITE™ Kids Gym line teaches beginning gymnastics, a favorite for instructors and children ages 2-12. This skill development apparatus is made from the same quality materials and craftsmanship as AAI® competitive equipment, and can be tailored to meet the needs of your gym with multiple circuit configurations. Additionally, a wide range of accessories offers versatility for all types of preschool and recreational programs. Contact AAI to create your custom circuit at 800-247-3978.

FOLDING MAT ORDER GUIDELINES

When ordering folding mats, please follow the simple four steps below.

1. CHOOSE FOAM

- EM or IM Series

2. CHOOSE SIZE

Mat sizes for EM series

- 4' x 6' (1.2 x 1.8m)
- 4' x 8' (1.2 x 2.4m)
- 5' x 10' (1.5 x 3.0m)
- 6' x 12' (1.8 x 3.6m)

Mat sizes for IM series

- 4' x 6' (1.2 x 1.8m)
- 4' x 8' (1.2 x 2.4m)
- 4' x 10' (1.2 x 3.0m)
- 4' x 12' (1.2 x 3.6m)
- 5' x 10' (1.5 x 3.0m)
- 6' x 12' (1.8 x 3.6m)

3. CHOOSE FASTENER

- V0, V2 and V4
(placed on the ends of V2 mats)

4. CHOOSE COLOR

- See color charts at the side to select color options
- Rainbow mats come in repeating panels of royal blue, red, green and yellow
- Custom multi-colors available

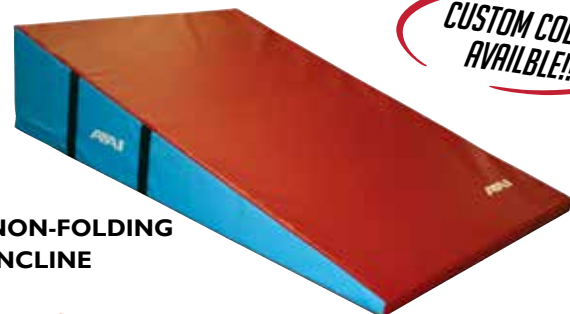

4 x 8 Rainbow Mat

INCLINES

AAI's most popular motor development shape! A must for teaching rolls and other basic skills.

BRING YOUR GYM TO LIFE RIGHT IN FRONT OF YOUR EYES WITH AAI'S GYMBUILDER

AAI | SPALDING
MADE FOR THE GAME.

2D

3D

Whether you're starting from scratch or remodeling your gym to maximize space, let AAI help with the design process.

AAI's GymBuilder Program allows our designers to create layouts in 2D to ensure spacing between apparatus and matting provide the most efficient layout.

Then, we convert it into 3D to allow you to virtually walk around your facility and make sure it flows from apparatus to apparatus and program to program.

We know equipment is an investment, so our program allows you to make sure your facility is functional and is in line with your financials.

Contact AAI to begin designing the gym of your dreams!

DO YOU **REALLY** KNOW THE CONDITION OF YOUR EQUIPMENT?

OUR TRAINED TEAM CAN HELP KEEP YOUR EQUIPMENT WORKING AS INTENDED

WARRANTY DETAILS

AAI warrants its products against defects in material and workmanship. Without charge, AAI will, at its option, either repair or replace any products shown to our satisfaction to be defective within one (1) year from receipt by customer; provided it is returned to the factory (after authorization), transportation prepaid. This warranty covers only products manufactured by AAI and does not extend to transportation, installation or replacement charges incurred by customer; nor does it apply to products or components of another manufacturer appearing in this catalog or used in conjunction with AAI products according to the terms here of and standards acceptable in AAI's industry.

This warranty is exclusive and in lieu of any other express or implied warranties, including but not limited to any implied warranty of merchantability or fitness for particular purpose.

Modification of AAI products renders the warranty void and could create a risk of severe personal injury. Abuse, misuse, abnormal usage, faulty installation, improper maintenance or unauthorized repairs are not covered under warranty. No obligations or liabilities exist on the part of AAI for consequential damages arising out of or in connection with the use or performance of the products.

GENERAL WARRANTY INFORMATION AVAILABLE AT SPALDINGEQUIPMENT.COM/WARRANTY

CALIFORNIA PROPOSITION 65

Certain products in this catalog are subject to the California Safe Drinking Water and Toxic Enforcement Act of 1986, more commonly known as "Proposition 65." Proposition 65 requires clear and reasonable warnings for products that expose individuals in the State of California to a chemical known to the State to cause cancer, birth defects, and other reproductive harm. Applicable products shipped to California will have the following Warning (or other appropriate warning) affixed:

WARNING: This product contains chemicals known to the State of California to cause cancer, birth defects and other reproductive harm.
